

CONGRESS PHOTOGRAPHY

P O R T F O L I O

By Christopher Klettermayer and
Andrew Rinkhy

About

Christopher and Andrew have been a dedicated congress photographers for over 12 years. As renowned regulars, we skillfully navigate the congress centers of Europe documenting the everyday hustle, the evening galas and side events.

Next to capturing the mood and the most important moments from when the doors open, we also offer speaker portraits to be used in subsequent publications, as well as the atmosphere of side- and evening events.

We create visual narratives that define the multifaceted nature of your congress, leaving an indelible mark on both organizers and participants.

- ECIO (European conference on interventional oncology)
- EBIR (European board of interventional radiology)
- ECR (European congress of radiology)
- EAN (European academy of neurology)
- Comsult Vienna

About

Christopher Klettermayer

Christopher has been working as a photographer since 2007. Starting out in photojournalism, he worked on assignments in places such as India, Afghanistan and Pakistan, Over the years he explored various fields of photography; from fashion to art-reproduction. Yet with age came responsibility and family, so instead of seeking the thrills abroad, he now focuses on capturing the moods and atmosphere of congresses across Europe.

About

Andrew Rinkhy

Andrew has worked throughout Europe, North America and Asia on various portraiture and environmental documentary projects.

He specialises in hand-crafted, individualised portraiture and photographic storytelling and is always looking forward to the next adventure, be it big or small. Andrew was born and raised in Vancouver, Canada and is currently based in Vienna, Austria. He is available for hire wherever a plane, train, ship, rickshaw or his own legs can take him.
